WIOA requires Workforce Development Boards (WDB), in partnership with the local chief elected official, to develop and submit a comprehensive four-year local plan to the state for approval. The local plan will cover the period of July 1, 2016 – June 30, 2020. The plan must address current and future strategies and efficiencies to advance the continuing modernization of the workforce system and the creation of a customer-centered system. It must also support the strategy described in the State Plan and be consistent with the State Plan. Once the local plans have been submitted, the review process must be conducted within 90-days period. As part of the review process, each WDB is presenting their local plan to the SWIC at either the July or September. **Additionally, each WDB is presenting an overview of how the region will serve youth to the SWIC's Youth Committee.**
